	FILES OF RECORD	02-1401	1 OF 2
	BASED ON BOARD OF TRUSTEES' RULE AND TITLE	DATE REVISED	
	6Hx7-2.10 College Records	June 13, 2016	

Purpose

The purpose of this procedure is to establish the requirements for maintaining official records made or received by the College.

Procedure

- A. All documents, papers, letters, maps, books, tapes, photographs, films, sound recordings or other material, regardless of physical form or characteristics or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business of the College are classified as public records. These records shall, by statute, be kept by the appropriate record custodians in the buildings in which they are ordinarily used.
- B. In order to control the storage of and access to these records, the College has designated specific operating units to maintain the "files of record" for specific subject areas. The custodians for these files of record will maintain the official file of the College in accordance with State records management guidelines. Detailed procedures relating to records management are presented in APM 02-1403, Records Retention and Disposal.
- C. All College personnel receiving or generating documents pertaining to a subject area listed below should ensure that a copy of the document(s) is forwarded to the designated custodian for filing. In this manner a complete file will be maintained at a single point and personnel other than the designated custodian need not maintain duplicate records and/or files.

Record Class/Type	Custodian
